Leadership in Global Energy

LECTURER

Dr. Yanos Michopoulos

Founder and CEO of Epiphany Enterprises

Yanos has 28 years of senior business experience in various Energy related sectors, including Oil & Gas, Renewables, Infrastructure, Shipping and Technology. He has managed large P&Ls (> 1 bl €), has been a member of regional and global leadership teams of large Energy corporates (top 1%) and has managed large, distributed teams across countries and cultures. Yanos (PhD from Durham, UK) is a leadership development trainer at the Institute of Directors (UK), as well as a Board member and MBA / Exec Ed speaker at various business schools in the UK, Europe and the US. His training style is highly interactive and engaging, drawing on participants' own experiences to share best practice and bring theory to life with story-telling and case studies.

Topics covered

- What is Leadership and Leadership Theories
- Values, Behaviours and Culture
- Leadership vs Management
- Communication and influencing skills
- Leading beyond the organisation
- Change Management
- Decision making and stakeholder management

Learning Objectives

Upon completion of the Seminar, participants will be able to:

- Be inspired to take a fresh approach to leading their teams and take on new challenges
- Experience how to apply different leadership techniques in different situations to get high performance from multi-national and cross-functional teams
- Develop greater self-awareness and understanding of team and organisational behaviours
- Learn how to make decisions in difficult or uncertain circumstances
- Improve their ability to identify opportunities, create value for their firm and manage change

Target Audience

Participation to the seminar is highly recommended for:

- Managers and senior professionals with 5-10 years of experience, and aiming to take on greater leadership roles in the energy industry
- You will probably already be managing a small team and have experienced the challenges of international businesses and market cycles.
